2. What is our lawful basis for processing your child's data and for what purpose?

Registered childcare providers have a statutory requirement to hold certain basic information about any attending child and the name, address and contact details of every parent (Safeguarding and Welfare Requirements, EYFS 2017, 3.72 and Childcare Register CR8). The Safeguarding and Welfare Requirement to hold certain data is given force by an order made under section 39(1)(a) of the Childcare Act 2006, therefore the lawful basis for processing information is 'legal obligation' GDPR 6(1)(c) and for special categories of data (such as medical information, special needs and safeguarding) under GDPR 9(2) (a)(b).

There is also a 'legal obligation' to record your child's learning and development (EYFS Learning and Development Requirements given force by section 39(1)(a) of the Childcare Act 2006). The purpose of observing, assessing and planning is to ensure good outcomes for a child based on the child's own interests, needs and stage of development.

Little Foxes also holds information on the basis of 'legitimate interest' GDPR 6(1)(f) in order to ensure your child's safety and well-being and to provide a good quality service based on your child's individual needs.

Photographs are an effective way to illustrate and augment learning. Photographs will be taken with your consent (GDPR 6(1)(9a)) and for the purpose of informing you of your child's progress in learning. With your consent only, photographs may be used in promotions for the nursery including on Facebook and Instagram.

3. For how long will Little Foxes hold your information: retention periods?

The EYFS (3.71) says that as a provider I should determine myself how long to retain records relating to individual children.

- All photographs used for the purposes of your child's learning journal are deleted from relevant devices as soon as they are uploaded to the learning journal. Photographs are only taken for marketing and advertisement purposes with your express consent and will be retained by Little Foxes in accordance with the advice of the Information Commissioner's Office
- For the purposes of insurance claims, Little Foxes will retain; the Accident and Incident Log, the Medication Administration Records, the Attendance Register, signed Consent Forms, the Complaints Log and any record of allegations, until your child has reached 21 years and 3 months. These are retained in paper form and by services who comply with GDPR.
- Any record of safeguarding concerns will be forwarded to the next setting/school in line with 'Keeping Children Safe in Education'. If a safeguarding referral to First Response has led or is likely to lead to criminal prosecution, requiring our records as evidence, Little Foxes would take advice on retaining the record or retaining a copy of the record of our safeguarding concerns (see Goddard Inquiry).
- Any learning records and photographs of a 'looked after' child will be passed on to the child's Social Worker, who usually holds parental responsibility, for retention.
- Where Little Foxes have shared your data with other Bristol City Council services, for example with regard to the Free Early Education Entitlement or Enhanced Provision Scheme, the general Bristol City Council retention schedule will apply and is available on the Bristol City Council website.
